Road From San Francisco to San Jose Without a Railroad Crossing

The board of supervisors met in regular session Monday, September 13th, there being present Joseph M. Francis, presiding, Wm. H. Brown, John MacBain and C. V. Thompson, James T. Casey absent.

On motion of Thompson, seconded by Brown, it was ordered that the county surveyor be instructed to have the oiling done on the San Gregorio to Tunitas road.

The lists of election officers presented by the several members of the board were adopted on motion of Thompson, seconded by MacBain.

Gilbert D. Ferrell, assistant district attorney, appeared before the board, and presented resolutions authorizing the acquisition of rights of way over the Marie Keogh property at Belmont for State Highway purposes, said acquisition having been approved by the Advisory Board of the Department of Engineering of California. The resolutions were adopted on motion of Brown, seconded by MacBain.

Mr. Ferrell next presented resolutions, ordering the acquisition of rights of way over the property of the estate of Rosanna Hull for the same purposes. The resolutions were adopted on motion of Brown, seconded by Thompson.

On motion of Brown, seconded by Thompson, the tax collector was authorized to collect taxes outside of his office, the county to pay his actual expenses.

A petition was received, signed by Charles Harkins and others, complaining about the condition of the Alameda de la Pulgas road in the Third district. The petition was ordered filed and referred to Supervisor MacBain.

On motion of Brown, seconded by MacBain, it was ordered that $1000 be set aside from the Highway fund for the purpose of taking care of certain road work in the Fourth district, that Wrightson, Anderson & Yost were unable to complete on their contract last year.

Supervisor MacBain was authorized to make certain repairs on the road from Redwood to Woodside which had been damaged by heavy trucks.

On motion of Brown, seconded by MacBain, the surveyor was instructed to repair the road in the Second district at Belmont, where the same had been damaged by heavy trucks.

Attorney Henry Ward Brown appeared before the board in reference to the condemnation suit of the county against P. Rosaria for a right of way for a road over his property at Colma. Mr. Brown stated that Mr. Rosaria, who at first had asked $1,-500 for the said property, was willing to compromise for $1325 in order to avoid litigation. The receivers appointed in the case had reported that the owner was entitled to $1000.

On motion of MacBain, seconded by Thompson, it was ordered that the terms of Rosaria be accepted and the county secure the deed to the property.

On motion of MacBain, seconded by Thompson, it was ordered that the auditor draw a warrant for $1325 out of the Highway fund to cover the purchase of the above property.

The board adjourned at 12:50 p. m. to meet Monday, September 20.

Due to an omission in the resolution introduced by Supervisor Brown at the meeting held September 6th, fixing the tax rate at $1.96, the said resolution which was lost on roll call, is herewith published in full:

"Resolved that the tax rate for 1915-1916 be as follows, including other estimates made by the auditor:

Relelf Corps Gives Farewell

On Friday of last week Gen. Geo. S. Evans Relief Corps gave a farewell to Mrs. Theresa Christ, who is about to move to Berkeley. In recognition of her many years of membership, which dates from 1887, shortly after the institution of No. 36, the corps presented her with a gold pin, emblamatic of the order. Mrs. Christ responded most tenderly in accepting the token. A short program was followed by a banquet. Geraldine E. Frisbie, past national president, was in attendance, having come from San Francisco to be with Mrs. Christ at her last meeting, as it was she who initiated her twenty-eight years ago.

CHAMBER OF COMMERCE FOR REDWOOD CITY

Voting on Final Adoption of Report to Occur September 21st

The meeting of the Board of Trade Friday evening was one of the most spirited in the history of that organization. The meeting, which was an adjourned one, was called for the purpose of hearing the report of the committee appointed to devise plans for broadening the scope and usefulness of the existing body.

The report was a lengthy one and carefully prepared. Among the recommendations made was that out of the old membership there be formed a body to be known as the Redwood City Chamber of Commerce. This name is suggested for the reason that in itself it is an expression of the real objects of the organization; that it expresses a greater sphere of usefulness and activity, and principally because it indicates that the organization in contravention to the title of "Board of Trade" is formed for other purposes than the mere adjustment of local business conditions, the commonly accepted duties of boards of trade.

The aim of the committee is to provide a united solidified body to advanc the interests of Redwood City, an active agressive organization, whose one aim shall be progress and prosperity for the community.

The committee recommended the adoption of the report, which embodied a new set of resolutions and by-laws, and also the following resolution:

"Whereas, There exists at this time imperative need that the merchants and citizens of Redwood City get together in a plan to foster the growth and development of their city, a need brought about by changed conditions and indicated dawn of an era of prosperity, and

"Whereas, such getting together can best be accomplished by a merging of the present Board of Trade with a body to be known as the Redwood City Chamber of Commerce, and

"Whereas, such a merging will mean the continuance of the activities of the old body, supplemented by greater activities induced by a larger membership and greater scope of usefulness, therefore be it

"Resolved, That the Redwood City Board of Trade, at this meeting, after due consideration, does hereby declare null and void, the existing constitution and by-laws of the said Redwood City Board of Trade, and adopts the constitution and by-laws to become the constitution and by-laws of the Redwood City Chamber of Commerce, and be it further

"Resolved that the president of the Redwood City Board of Trade be and is hereby declared elected president of said Redwood City Chamber of Commerce until his successor is elected as provided by the constitution and by-laws of said Redwood City Chamber of Commerce."

The report of the committee, including the resolution was accepted, but when it came to a question of adoption, a lively debate took place between the members. It was finally decided that the voting on the adoption of the report be laid over until the meeting of September 21st so that all members could be notified to be present and have a chance to express themselves.

The committee consisted of E. T. McGettigan, Geo. H. Irving, D. R. Stafford, P. A. Ryan and Stuart A. Frank.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

IT ISN'T YOUR TOWN, IT'S YOU

(By Request)

If you want to live in the kind of a town
Like the kind of a town you like,
You needn't slip your clothes in a grip
And start on a long, long hike.

You'll only find what you left behind,
For there's nothing that's really new.
It's a knock at yourself when you knock your town.
It isn't your town—it's you.

Real towns are not made by men afraid
Lest somebody else gets ahead.
When everyone works and nobody shirks
You can raise a town from the dead.

And if while you make your personal stake
Your neighbor can make one, too,
Your town will be what you want to see.
It isn't your town—it's YOU!

E. La Dieu Returns From Orient

Elmer L. LaDieu, a graduate of the local high school returned last Saturday on the U. S. Transport Sherman from the Philippines where he had spent nearly three years. He was with a government surveying party that is engaged in making a map of all the islands and had an opportunity of seeing nearly all portions of the country and studying the the peculiarities of the natives. IRRIGATION CONGRESS TO MEET IN SAN FRANCISCO

Organization Has Done Much To Develop West.

Assemblyman Henry Ward Brown has appointed the following delegates to the International Irrigation Congress to be held in San Francisco on September 20th: D. E. O'Keefe, Redwood City, George E. Dunn, Moss Beach, John McCormick and E. A. Shaw, Pescadero and Henry Gulfass, Colma.

The International Irrigation Congress has been in existence for the past twenty-four years. Its original purpose was to arouse public interest to the end of revising and reforming the irrigation legislation of the Western States and of inducing the Federal governments to inaugurate a national policy of arid land reclamation. The Federal Governments have fully committed themselves to the policy of arid land reclamation, and to the extent of which sound irrigation laws and practices have been established, and important irrigation works have been constructed, the original purpose of the organization has been fulfilled. Therefore, it is proper that this organization now pass on to the more serious consideration of these problems upon the solution of which depends the success of the investor in irrigation enterprises and the happiness and welfare of the settler upon the lands.

Now that irrigation works make the water, to a considerable degree, available, graver problems confronts the people in successfully establishing upon the land the family which will remain there and prosper through hard pioneering work. Economists point to a close relationship between increase in population, phenomenal growth of cities, passing of free agricultural lands, advance in price of all agricultural lands and the present high cost of living. The further growth of the irrigated west depends upon the development and use of its natural agents of production —chiefly its land and water.

THE AL. G. BARNES CIRCUS IN TOWN TODAY

Many Interesting Trained Animal Clown Performers

The Barnes Wild Animal Circus is due today—"The show that's different,"—it is called—different because all the performers are trained animals instead of people.

The usual crowd of excited small and "large" boys will of course be on hand to witness the unloading of the big aggregation of animals and circus paraphrenalia and see the erection of the tented city. And really, few spectacles present more interesting phazes. No other enterprise can boast of a better working system than the one prevailing around a big circus and it is safe to say that the circus leads all other enterprises in time, money and labor saving efficiency.

The day's festivities commence with the parade which leaves the show grounds to traverse the principal downtown streets promptly at 10:30. This pageant is instructive as well as alluring and represents the greatest monetary value ever assembled in a circus parade, due to the great value of the many trained animals. Many cages of wild animals are shown—the finest specimens of their kind in captivity.

The great troupe of Barnes world's prize winning horses and ponies are shown in the parade, which are claimed to be the most beautiful, best bred and best trained horses known to exist.

Many thrilling wild animal acts are introduced by men and women trainers during the show's performance. Sixty, lions, tigers and leopards and thirty bears are shown in these acts, twenty-four full grown, man-eating lions being handled in one groupe by one trainer.

Forty clown, rib-tickling elephants, monkeys, dogs, goats, pigs, ponies and mules, provide the laughing features.

Performances will be given at 2 and 8 p. m., doors opening one hour earlier.

To Please the Palate

is our aim in serving meat—to retain the fine flavor Nature bestows, not to let it go to waste, as some meatshops do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.
